⊚ Chemnitz

Level of experience: Pupils / Students

Your purpose

Dual studies in the area of Digital Engineering

Tasks you will take on

- 3 years/6 semesters
- Training centre BA Glauchau
- Study focus on computer science and automation and production technology
- Familiarisation with topics relating to automation and digital technical systems and processes
- Work in training projects on the subject of automotive electronics and automated driving
- Subsequent collaboration in our productive projects in our project teams
- You can find more information on the BA Glauchau website at: https://www.ba-glauchau.de/studienangebote/digital-engineering/

Your qualifications include

- Good (specialist) A-levels
- Ideally STEM subjects as performance subjects
- Basic IT knowledge/enjoyment in dealing with information technology
- Initial programming knowledge desirable
- Interest in and understanding of autonomous driving software
- Ideally experience through internships

Your skills include

- Analytical and conceptual thinking
- High degree of personal responsibility and initiative

What's in it for you

For more flexibility

We offer individual & flexible working hours, mobile working, flexible work assignments as well as a parent-child office.
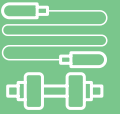

For your development

We offer individual development paths, further education & training as well as comprehensive onboarding.

For your well-being

From the company doctor to a wide range of sporting activities such as yoga or volleyball to massage.

For your strengthening

We offer catering, free coffee specialties & water, daily fresh fruits and 30 vacation days.

For our team spirit

Regular events take place. From team events to company celebrations and after-work events.

For your wallet

We offer a Spendit-Card, VWL, a company pension scheme pension plan and a fair basic salary.

Contact us

We develop functions and associated services for automated driving, driver assistance and mobility.

Send us your cv to bewerbung@fdtech.de.
