

Student trainee/Internship (m/f/d) - Development of a toolchain for developing autonomous driving functions

📍 Chemnitz, Munich, and Weyhausen

Level of experience: Pupils / Students

Your purpose

Support for software development and integration

Tasks you will take on

- design and implementation of a toolchain
- optimization of integration processes
- definition and documentation of workflows

Your qualifications include

- studies of computer science, electrical engineering, mechanical engineering or similar
- programming skills in C, C++, Java or Python required
- knowledge in Continuous Integration, Testing and Deployment desirable

Your skills include

- Analytical and conceptual thinking
- Strong team and communications skills
- High degree of personal responsibility and initiative

What's in it for you

For more flexibility

We offer individual & flexible working hours, mobile working, flexible work assignments as well as a parent-child office.

For your development

We offer individual development paths, further education & training as well as comprehensive onboarding.

For your well-being

From the company doctor to a wide range of sporting activities such as yoga or volleyball to massage.

For your strengthening

We offer catering, free coffee specialties & water, daily fresh fruits and 30 vacation days.

For our team spirit

Regular events take place. From team events to company celebrations and after-work events.

For your wallet

We offer a Spendit-Card, VWL, a company pension scheme pension plan and a fair basic salary.

Contact us

We develop functions and associated services for automated driving, driver assistance and mobility.
